KOLABORACIJSKIH RAZMJENA

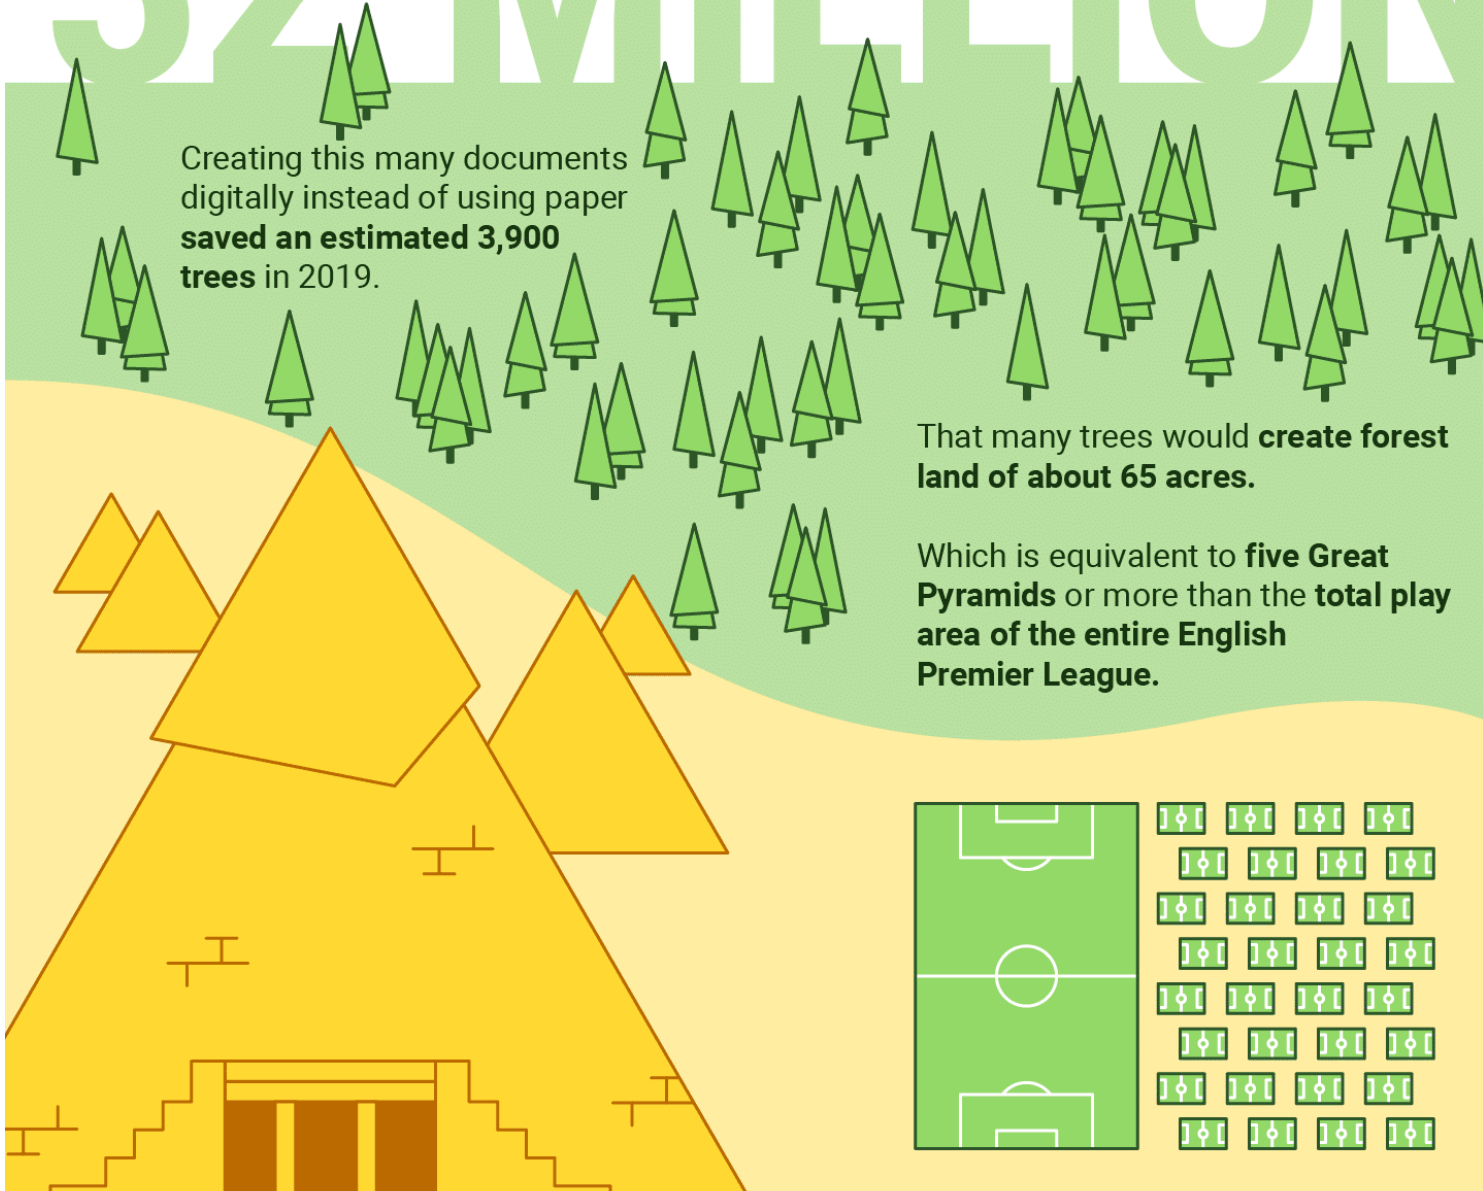

In 2019, Bluebeam helped the construction industry work on digitized documents totaling...

32 MILLION

Creating this many documents digitally instead of using paper **saved an estimated 3,900 trees** in 2019.

That many trees would **create forest land of about 65 acres.**

Which is equivalent to **five Great Pyramids** or more than the **total play area of the entire English Premier League.**

If you took those **32 million sheets of paper** and **stacked** them on top of each other they **would reach a staggering 10,496 feet.**

For comparison, the **top five tallest buildings** in the world **combined reach a total of 10,683 feet.**

Lotte World Tower

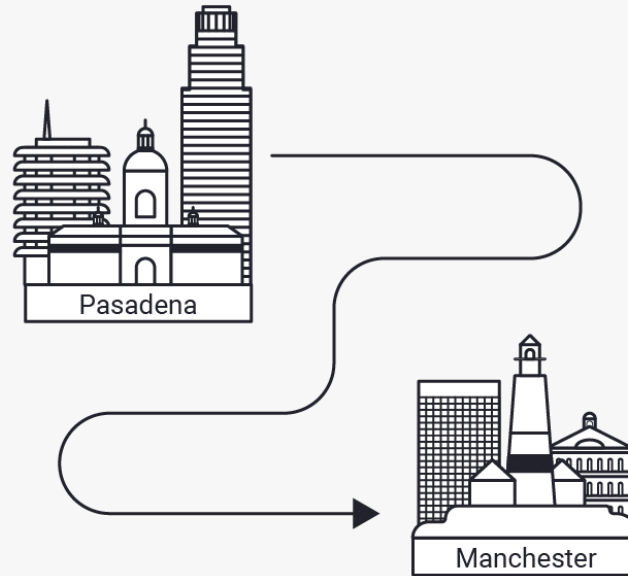

Ping An Finance Center

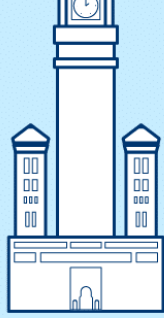

If you took **32 million sheets** of paper and laid them **end to end, they would stretch into the distance for roughly 5,000 miles.**

That's **2,000 more miles** than the distance between Bluebeam's Pasadena, California, headquarters and its office in Manchester, New Hampshire.

Or roughly **equal to** the distance of **four round trips between London and Madrid.**

This incredible distance is even nearly **the same as one round trip between Perth and Brisbane, Australia.**

RJEŠENJE ZA TRI IZAZOVA U AEC INDUSTRIJI

1

IZAZOV UPRAVLJANJA PDF DOKUMENTIMA

- Digitalno potpisivanje dokumenata
- Manipulacija pdf dokumenata (brisanje, vizualno pretraživanje, compare, komprimiranje, kreiranje formulara, 3D preglednik)

2

SPREMANJE DOKUMENATA NA JEDINSTVENO MJESTO

- Slanje dokumenata gdje god i kad god
- Bluebeam Studio Project

3

REAL – TIME KOMUNIKACIJA

- Dodjela zadataka
- Učitavanje dokumenata i fotografija s terena
- Pregled i kontrola 3D BIM modela
- Export izvještaja i praćenje učinkovitosti
